

**OxySure Systems (OXYS) to Host Investor Day; Special Stockholder Meeting
To Take Place at Company Headquarters Tuesday September 15, 2015**

Frisco, Texas, September 14, 2015 – OxySure Systems, Inc. (OTCQB: OXYS) (OxySure, or the Company), the medical device innovator of life-saving easy-to-use emergency oxygen solutions with its “oxygen from powder” technology and other medical solutions, today issued a reminder that the Company will conduct an Investor Day, from 10:00 a.m. to 11:30 p.m. CST on Tuesday, September 15, 2015. The event will be at the Company’s headquarters, located at 10880 John W. Elliott Drive, Suite 600, Frisco, Texas 75033, and will be hosted by Board members Tom Cox, Jerry Jones, and Julian Ross.

In addition, the Company will be conducting a Special Meeting of its stockholders on the same day, commencing at 12:00 noon CST pursuant to proxy statements that were mailed to stockholders on August 19, 2015. At the Special Meeting, stockholders are expected to vote on matters related to an uplisting of the Company to a national exchange such as Nasdaq and an amendment of the Company’s structure to facilitate significant future growth. Copies of the proxy statement can be found on the website of the Securities and Exchange Commission, located here: http://www.sec.gov/Archives/edgar/data/1413797/000121390015006304/def14a0815_oxysuresyste.htm

A tour of the Company’s production plant and operations will be provided. In addition, Cliff Meidl, Two-Time Olympian, USA Olympic Team Flag Bearer and OxySure Spokesman, will provide a motivational presentation, as well as other survivors who will be available to share their lifesaving and life changing stories.

Availability for interested parties is extremely limited. Those interested in attending should contact Kathryn Jayne at 972-294-6551 or at kjayne@oxysure.com.

About OxySure Systems, Inc.

OxySure Systems, Inc. (OXYS) is a medical technology company that focuses on the design, manufacture and distribution of specialty respiratory and medical solutions. The company pioneered a safe and easy to use solution to produce medically pure (USP) oxygen from two dry, inert powders. The company owns numerous issued patents and patents pending on this technology which makes the provision of emergency oxygen safer, more accessible and easier to use than traditional oxygen provision systems. OxySure's products improve access to emergency oxygen that affects the survival, recovery and safety of individuals in several areas of need: (1) Public and private places and settings where medical emergencies can occur; (2) Individuals at risk for cardiac, respiratory or general medical distress needing immediate help prior to emergency medical care arrival; and (3) Those requiring immediate protection and escape from exposure situations or oxygen-deficient situations in industrial, mining, military, or other "Immediately Dangerous to Life or Health" (IDLH) environments. www.OxySure.com
