

## **OxySure (OXYS) Board Approves Name Change to OxySure Therapeutics, Inc.**

Frisco, Texas, November 9, 2015 – OxySure Systems, Inc. (OTCQB: OXYS) (“OxySure,” or the “Company”), a global leader and medical device innovator of life-saving, easy-to-use emergency oxygen solutions with its “oxygen from powder” technology and other innovative medical solutions, today announced that its Board of Directors approved a change of the Company’s name to OxySure Therapeutics, Inc.

“The purpose of the name change is to better reflect the business and industry that we are in,” said Julian Ross, CEO of OxySure. “It also enhances the Company’s positioning as we march towards our Nasdaq uplisting and develop our institutional following,” he added.

The Company’s ticker symbol will remain the same, OXYS, and the company’s website will remain the same, [www.oxysure.com](http://www.oxysure.com).

The name change will become effective upon the Company receiving consent from a majority of the stockholders of OxySure and the filing of an amendment to the Company’s articles of incorporation with the Secretary of State in Delaware.

Speaking from the 2015 Annual Scientific Meeting of the American College of Allergy, Asthma & Immunology (ACAAI) in San Antonio Dr. Joe Chalil, Strategic Advisor for OxySure stated: “The word therapeutics encapsulates well all the facets of our business, past, present and future. We note in particular that words such as treatment, curative, remedial, restorative, reparative, corrective and health-giving are all associated with therapeutics.”

### **About OxySure Systems, Inc.**

OxySure Systems, Inc. (OXYS) is a medical technology company that focuses on the design, manufacture and distribution of specialty respiratory and medical solutions. The company pioneered a safe and easy to use solution to produce medically pure (USP) oxygen from inert powders. The company owns numerous issued patents and patents pending on this technology which makes the provision of emergency oxygen safer, more accessible and easier to use than traditional oxygen provision systems. OxySure's products improve access to emergency oxygen that affects the survival, recovery and safety of individuals in several areas of need: (1) Public and private places and settings where medical emergencies can occur; (2) Individuals at risk for cardiac, respiratory or general medical distress needing immediate help prior to emergency medical care arrival; and (3) Those requiring immediate protection and escape from exposure situations or oxygen-deficient situations in industrial, mining, military, or other "Immediately Dangerous to Life or Health" (IDLH) environments. *In addition to oxygen products for public/lay responder usage, OxySure also markets emergency medical solutions including AEDs (Cardiac Science, Philips, Zoll, Physio Control, Defibtech, and HeartSine), Quickclot Bleeding Control solutions, resuscitation products and pulse oximetry products.* [www.OxySure.com](http://www.OxySure.com)
