

OxySure Systems (OXYS) Announces Update from Medica 2013 Trade Fair

Highly Successful Exhibit Bringing New Contracts

DECEMBER 5, 2013 -- FRISCO, TX -- OxySure[®] Systems, Inc. ([OXYS](#)) ("OxySure," or the "Company"), announced today an update from the Medica 2013 Trade Fair in Dusseldorf, Germany, the largest medical device trade show in world, with approximately 130,000 attendees per day over the four day trade fair. (www.medica-tradefair.com) OxySure, co-exhibiting with Medizon B.V., its partner in the Netherlands, experienced a high volume of inquiries regarding its proprietary respiratory solutions. As a result several different countries have begun negotiations on distribution agreements to expand the OxySure brand and products.

“We are extremely pleased with the outcome of our presence at Medica 2013,” stated Julian Ross, CEO of OxySure Systems. “There was a level of excitement from all the visitors to our booth and we have already begun negotiations with over a dozen countries regarding our groundbreaking oxygen from powder solutions. We feel confident that this will enable OxySure to continue expanding its presence on a truly global scale.”

About OxySure Systems, Inc.

OxySure Systems, Inc. (OXYS) is a medical technology company that focuses on the design, manufacture and distribution of specialty respiratory and medical solutions. The company pioneered a safe and easy to use solution to produce medically pure (USP) oxygen from inert powders. The company owns numerous issued patents and patents pending on this technology which makes the provision of emergency oxygen safer, more accessible and easier to use than traditional oxygen provision systems. OxySure's products improve access to emergency oxygen that affects the survival, recovery and safety of individuals in several areas of need: (1) Public and private places and settings where medical emergencies can occur; (2) Individuals at risk for cardiac, respiratory or general medical distress needing immediate help prior to emergency medical care arrival; and (3) Those requiring immediate protection and escape from exposure situations or oxygen-deficient situations in industrial, mining, military, or other "Immediately Dangerous to Life or Health" (IDLH) environments. www.OxySure.com
