

OxySure (OXYS) Signs Distribution Agreement with Chris Gardner and Associates

Frisco, Texas, February 12, 2015 – OxySure Systems, Inc. (OTCQB: OXYS) (“OxySure,” or the “Company”), a global leader and medical device innovator of life-saving, easy-to-use emergency oxygen solutions with its “oxygen from powder” technology today announced that the Company has signed a distribution agreement with Chris Gardner and Associates, LLC (“CGA”) of Wilton, Connecticut.

CGA is a Veteran owned business that was founded by Chris Gardner, a former EMT and EMS Instructor. CGA is an American Heart Association BLS (Basic Life Support) Instructor and is an Authorized supplier of automated external defibrillators (AEDs) for Cardiac Science, HeartSine, Philips Medical, Physio-Control, and Zoll.

Said Clark Hood, VP of Resuscitation Sales for OxySure: “As a former paramedic Chris has a strong background in emergency medical services. We look forward to working with Chris and his team as they target “placement” markets such as school systems, religious organizations, municipalities, corporations, yacht and boat clubs, athletic clubs, sports facilities, and golf clubs.”

About OxySure Systems, Inc.

OxySure Systems, Inc. (OXYS) is a medical technology company that focuses on the design, manufacture and distribution of specialty respiratory and medical solutions. The company pioneered a safe and easy to use solution to produce medically pure (USP) oxygen from inert powders. The company owns numerous issued patents and patents pending on this technology which makes the provision of emergency oxygen safer, more accessible and easier to use than traditional oxygen provision systems. OxySure's products improve access to emergency oxygen that affects the survival, recovery and safety of individuals in several areas of need: (1) Public and private places and settings where medical emergencies can occur; (2) Individuals at risk for cardiac, respiratory or general medical distress needing immediate help prior to emergency medical care arrival; and (3) Those requiring immediate protection and escape from exposure situations or oxygen-deficient situations in industrial, mining, military, or other "Immediately Dangerous to Life or Health" (IDLH) environments. www.OxySure.com
