

OxySure Therapeutics (OXYS) to Present at the RedChip Global Online Microcap Conference

Frisco, Texas, February 11, 2016 – OxySure Therapeutics, Inc. (OTCQB: OXYS) (“OxySure,” or the “Company”), a global leader and medical device innovator of life-saving, easy-to-use emergency oxygen products with its “oxygen from powder” technology and other innovative emergency medical solutions is scheduled to present at the RedChip Global Online Microcap Conference on Thursday, February 11, 2016, at 9:00 a.m. Eastern Time. The presentation can be viewed at www.RedChip.com. A live Q&A session will follow the investor presentation.

The RedChip Global Online Microcap Conference brings together investors and executives of leading microcap companies, representing a broad spectrum of industries and sectors, including oil & gas, technology, mining, healthcare, consumer goods, energy, and more. More than 10,000 investors attend RedChip’s microcap conference series each year.

No registration is required to participate in the conference. Start times are subject to change.

About OxySure Therapeutics, Inc.

OxySure Therapeutics, Inc. (OXYS) is a medical technology company that focuses on the design, manufacture and distribution of specialty respiratory and medical solutions. The company pioneered a safe and easy to use solution to produce medically pure (USP) oxygen from inert powders. The company owns numerous issued patents and patents pending on this technology which makes the provision of emergency oxygen safer, more accessible and easier to use than traditional oxygen provision systems. OxySure’s products improve access to emergency oxygen that affects the survival, recovery and safety of individuals in several areas of need: (1) Public and private places and settings where medical emergencies can occur; (2) Individuals at risk for cardiac, respiratory or general medical distress needing immediate help prior to emergency medical care arrival; and (3) Those requiring immediate protection and escape from exposure situations or oxygen-deficient situations in industrial, mining, military, or other "Immediately Dangerous to Life or Health" (IDLH) environments. *In addition to oxygen products for public/lay responder usage, OxySure also markets emergency medical solutions including AEDs (Cardiac Science, Philips, Zoll, Physio Control, Defibtech, and HeartSine), Quickclot Bleeding Control solutions, resuscitation products and pulse oximetry products.* www.OxySure.com
