OxySure Systems, Inc. (OTCQB: OXYS), a medical technology company, is engaged in the design, manufacture, and distribution of respiratory and emergency medical solutions. The Company manufactures the award winning OxySure Model 615, a portable emergency oxygen system for mass lay person use. Using the Company’s proprietary “oxygen from powder” technology, Model 615 is creating a new category in emergency oxygen availability for the public, and bridges the gap between the onset of any medical emergency and the time first responders arrive on the scene. The Company also offers complimentary products and solutions, including display wall boxes, oxygen wall signage, resuscitation bags, pulse oximeters, and automated external defibrillators, as well as thermal bags and replacement cartridges for its OxySure Model 615. The company sells its products to institutional customers through distributors, sub-distributors, and sales agents in the United States and internationally. OxySure Systems, Inc. was founded in 2004 and is headquartered in Frisco, Texas.

WealthMakers is powered by WOPR (WealthMakers Online Predictive Research), <http://www.wopronline.com>, a military-style computer that uses parallel processing, genetic algorithms, neural networks and unbridled computing power to analyze exactly what event (technicals, fundamentals, earnings, seasonality, short squeeze, group rotation, chart patterns, insider buying/selling and multiple other factors) will move each stock, in which direction, to what % degree, in the specific amount of time and with what degree of probability. Based on IBM's work on Deep Blue (now called "Watson"), this powerful database technology matched with hundreds of data feeds and the ability to find patterns, that humans cannot, has the ability to do the work of hundreds or thousands of analysts without getting tired (24 hours per day / 7 days per week). Our unparalleled technology, trading algorithms and proprietary data generate

confident predictions, with clear and concise objectives resulting in unique and innovative research reports that move markets and create exponential returns to our clients.

About OxySure Systems, Inc.

OxySure Systems, Inc. (OXYS) is a medical technology company that focuses on the design, manufacture and distribution of specialty respiratory and medical solutions. The company pioneered a safe and easy to use solution to produce medically pure (USP) oxygen from inert powders. The company owns numerous issued patents and patents pending on this technology which makes the provision of emergency oxygen safer, more accessible and easier to use than traditional oxygen provision systems. OxySure's products improve access to emergency oxygen that affects the survival, recovery and safety of individuals in several areas of need: (1) Public and private places and settings where medical emergencies can occur; (2) Individuals at risk for cardiac, respiratory or general medical distress needing immediate help prior to emergency medical care arrival; and (3) Those requiring immediate protection and escape from exposure situations or oxygen-deficient situations in industrial, mining, military, or other "Immediately Dangerous to Life or Health" (IDLH) environments. www.OxySure.com
